METALFAB International Trading: Redefining
Strategic Sourcing for the Oil & Gas Industry

| Who We Are

METALFAB International Trading is redefining the way the Oil & Gas industry sources its critical components. Leveraging decades of industry knowledge, we deliver globally sourced, industry-approved products tailored to your technical and commercial needs.

Vision

To be the trusted partner for global sourcing, delivering customized solutions that empower the Oil & Gas industry.

Mission

We align industry-leading suppliers with the specific needs of our clients, ensuring every product is technically sound, commercially viable, and delivered on time.

Core Values

Client-Centric Approach

Solutions tailored to your unique requirements.

Global Reach

A network of trusted international suppliers.

Uncompromised Quality

Adherence to industry standards and best practices.

Integrity

Transparent and ethical sourcing practices.

| What We Do

✓ Independent Sourcing:

We prioritize your needs, sourcing industry-approved products from a wide range of global suppliers.

✓ Strategic Supply Chain Management:

Our expertise ensures seamless integration of products into your processes, reducing downtime and enhancing efficiency.

✓ Technical & Commercial Expertise:

We match your requirements with products that meet both technical specifications and budgetary constraints.

✓ Global Access, Local Solutions:

We leverage our international network to deliver timely, tailored solutions for local industry challenges.

Why METALFAB International Trading

We are not just suppliers; but your sourcing partners, dedicated to your success. We ensure unbiased recommendations tailored to your needs. With global connections and local expertise, we deliver value at every step of the supply chain.

Partner with us for solutions that align with your goals
